

Dear Friends,  
Warmest Greetings

The LIC of India is the finest financial institution in the country. It is the largest life insurance company in the world in terms of the number of policies it serves and claims it settles. LIC is the single largest investor in the Indian economy. Though it currently serves over 42 crore policyholders, it has touched the life of every Indian Citizen through its contribution to the nation building activities. It is therefore a matter of pride to work for such a Premier Public Sector Institution.

The LIC has announced 8000 vacancies for recruitment to the Post of Assistant throughout the country. This is a significant step in the background of unprecedented unemployment situation in India. The All India Insurance Employees' Association (AIIEA) which is the oldest and largest trade union of insurance employees had invested lot of energy in agitating for recruitment. This struggle has now succeeded with LIC announcing to recruit 8000 persons for the post of Assistant. The AIIEA since its birth in 1951 has been working for the improvement of the wage and service conditions of the LIC employees. It is the result of these struggles that today the Pay, Service Conditions and Opportunities for career advancement in LIC are comparable to the best in the country. The AIIEA is also committed to the noblest values of mankind and therefore it engages itself in several social activities to provide relief and support to those affected by natural calamities and suffer from economic and social disadvantages.

It is with this commitment that AIIEA helps the candidates aspiring for job in LIC with free study material and free coaching classes. I hope you will take advantage of this opportunity and prepare well to face this competitive examination.

I wish you success in your endeavour and hope for your joining the great fraternity of insurance employees.

Greetings again,

Sincerely yours,  
Amanulla Khan  
President, AIIEA
